"I knew I wanted to do something different but I didn't know what to do. The intensive at Branches connected me with others on the journey of healing, gave me specific tools to take with me, and reframed my perception of myself. I never knew how important emotional and spiritual healing was to my physical health."

5-Day Intensive Outpatient Program

Healing is both an event and a process. The 5-Day Intensive Outpatient Program at Branches expedites the process by focusing months of treatment into a five-day program. Intensive sessions inspire deep thought and boost radical change.

What are the goals of the program?

There are three main goals for each participant:

- To reduce the level of emotional and spiritual pain to a manageable level
- To offer genuine hope for complete emotional and spiritual healing
- To develop a long-term recovery plan that leads to restoration

Who should come?

Individuals who would most likely benefit are those who are experiencing:

- Deep emotional pain, grief, or loss
- Depression
- Uncontrolled anxiety
- Personal addictions
- Shame, guilt, or feelings of failure
- Issues related to spirituality

Who leads the sessions?

Counselors are available every step of the way to provide support, knowledge and guidance. Sessions will be led by licensed and certified Branches counseling staff and other qualified, carefully selected pastors or spiritual leaders associated with Branches.

What would I expect during the 5 days?

- The equivalent of three months of counseling, concentrated into approximately 40 hours
- The program could include a rotation of one-on-one sessions, group therapy sessions, EMDR, spiritual development sessions, nutrition and medication consultation, prayer, personal assignments, and other methods of treatment.
- Our program is customizable to meet the needs of the participants.

How much does it cost?

Our standard fee for the 5-Day program is \$2900. Payment plans or sliding fees based on income can be discussed.
